

Please do not take K-Love radio off the air for any reason. I commute 1 hour each way to work daily and I need a positive station like K-love to keep me stress free through rush hour traffic. K-love plays positive, listener supported music. If the station was not of value to the community, we would not be paying our dollars to help keep it on the air. Many in the surrounding communities are poor hard working people who need relief from the daily stress of trying to support their families. K-love gives them that relief. K-love provides local and national news information regarding topics that are of interest to all. They provide information regarding upcoming events in the community.

In a world of dog eat dog, continuous crime, drug abuse, child abuse, elder abuse, domestic violence, constant negativity and discouragement, a strong, positive, encouraging station is needed to provide hope and sanity to its listeners. Please recognize the positive influence this can have over the community. It is obviously in the public interest to keep a radio station such as K-love on the air.

Most Sincerely
Brenda S.Burton
